Please find below a communication from the EXAMINER in charge of this application

Commissioner of Patents Applicant's response to the Office Action of 2/15/02 is noted, however, the reply filed on 1/3/03 is not fully responsive to the prior Office action. Applicant is again reminded that the specification makes reference to specific polynucleotide and polypeptide sequences; these references must contain a sequence identifier of the form: SEQ ID NO: X, see Figure 2, for example. Note: a sequence identifier relating to sequences in a figure may be present either in the figure or in the Brief Description of the Figures. Additionally, the computer readable form (CRF) of the new raw sequence listing was found to contain errors, see attached Raw Sequence Listing Error Report.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the SIX MONTH statutory period. Direct the reply to the undersigned. Applicant is requested to return a copy of the attached Notice to Comply with the reply.
